

## Press release Calendar Week 03/I

### See everything in any weather With Rameder's Spray De-Icer for winter

Winter poses many a challenge to drivers, iced-up windows in particular. But fortunately **Rameder** is not only a pioneer in the field of retrofittable towbars but also when it comes to winter accessories for passenger cars.

With **Rameder's** Spray De-Icer in its convenient 500ml bottle you will not have to scrape ice off your car. Just spray on the de-icer and simply wipe the melting ice off all windows, lights and mirrors. The telescope brush (€6.95) with its rubber lip to clean wet windows is also available from **Rameder**. After you have sprayed on the de-icer, its retarding effect will prevent the windows from icing or misting up again for quite some time. Order our Spray De-Icer now for only €2.99 at [www.rameder.eu](http://www.rameder.eu).
